### Message

In the comity of nations, India enjoys the distinction of being the largest and most vibrant democracy. Our electoral systems and methods have continuously strengthened and added resilience to the democratic credentials of India. The Commission has been constantly endeavoring to further improve the standards of election management. The year 2010 has a special significance for the Election Commission of India, as the Commission is celebrating the Diamond Jubilee of its inception. This is also an occasion to take stock of both the quantity and quality of work taken up so far.

The Department of Elections, Haryana is doing well to bring out a Compendium on elections held in Haryana since the formation of the State i.e. from 1967 to 2009, covering both the Lok Sabha and the Vidhan Sabha Elections. This has both historic as well as academic value. I am sure such documentation will benefit academics, researchers, media and even election managers in the future.

I appreciate the Chief Electoral Officer, Haryana and her team taking this initiative and hope that they will update the Compendium from election to election. I also look forward to other states publishing such compilations.

## MESSAGE

I have come to know about the Compendium being brought out by the Office of the Chief Electoral Officer, Haryana on all the elections to Lok Sabha and Vidhan Sabha held since the formation of this State. It is all the more relevant on the occasion of the Diamond Jubilee celebrations of the Election Commission of India this year.

Such records have referential and archival importance and a comparative analysis speaks of the trends in the electorate, women participation in democratic process of polling and candidature. Voter turn-out indicates the public sentiment.

I congratulate the Chief Electoral Officer and her colleagues for taking up this venture.

Message

I am delighted to know that Department of Elections, Haryana is bringing out a compilation on statistics related with Elections to Lok Sabha and Vidhan Sabha since the formation of the State.

Elections in India are events involving massive political mobilization and the organizational complexity are on an amazing scale. Elections have been very aptly described as Festivals of Democracy. They reflect the mandate, sentiments and aspirations of the people in a democracy. It is this mandate which is reflected in the trends and statistics related with elections over the years speak about trends and patterns.

Poll statistics also highlight the regional variations in the pool percentage, gender ratios, characteristics of candidates over the years which can make the study even more interesting. Elections statistics are also indicators of development or awareness of people in different regions. I am sure this publication would be very useful for journalists, Politicians, Researchers, Analysts, Administrators as well as the candidates in times to come. It is a laudable effort. Such compilations of this nature are not only good reference manuals but also serve as archives for the future generations. I congratulate the Department of Elections for taking this step and hope that they will update the compilation from election to election.

## PREFACE

On the occasion of Diamond Jubilee celebrations of the Election Commission of India, we, in the Department of Elections, Government of Haryana, thought it would be a fitting contribution, to consolidate the entire election-data pertaining to Haryana, starting with the first elections held in the newly formed state in 1967 to the most recently concluded General Elections and Assembly elections of 2009, for ready reference of all concerned.

This compilation records, analyses and commemorates various aspects of elections in Haryana in addition to placing the election-statistics at one place. The earlier publications of election-data were election-to-election whereas this one is periodical, covering all general elections so far in chronological order. This progressive-presentation gives an over-view of the developments in the State in the fields of electors'-strength, gender-ratio, voter-turnout, women-participation and their success-rates which has been presented in the shape of graphs and bar-charts at the end of the facts and figures.

The constituency-maps, for both the Parliamentary and the Assembly constituencies, as existing at present have also been appended for future reference.

Contemporary glimpses of this celebration of democracy have also been incorporated from the special exhibition organized by the Election Commission of India on the occasion.

A CD containing all the contents in soft form is also placed at the end for additional reference on computer or easy transmission & storage in soft form.

I would be remiss if I did not place on record my special appreciation for the extra effort put in by my entire team, in the Elections Department, to bring out this landmark Compendium, during this milestone year. If academicians, researchers, students or the public, find it useful, our labour shall have been rewarded.

I gratefully acknowledge the encouragement from the Election Commission of India, and the cooperation of all concerned.

Any suggestions for further improvement of our maiden endeavour are always welcome.
